

U.S. to U.K. Power Converter 100W

Price (piece): £21.15 (inc 17.5%vat)

Just purchased a U.S. Roomba and having trouble charging it in the U.K.?

Then this is the solution for you!

This small Power convertor can convert up to 100W (so more than enough for your 45W Scooba charger) and simply plugs into your wall socket, allowing your Scooba/Roomba U.S. plug to slot straight in.

Accepts standard and fast chargers.

ImpexOnline always recommend using a surge protector with your converters.

Spec.

AC - AC

Input: 230V - 50hz

Output: 110V - 100W
